

# Faber Vineyard

*Faber Vineyard was established in 1997 by well-known winemaker John Griffiths. The dream is to grow regionally distinctive grapes and craft wines that are rich and flavoursome.*

## 2006 SWAN VERDELHO *Swan Valley, WA*

*“The wine is brilliant and light straw in colour. It has intense scented perfume of nectarines, sherbert and musk. The palate is crisp and vibrant with a great length of racy stonefruit flavours. The wine finishes refreshingly crisp and dry”.*

---

*Our best Verdelho yet? Certainly a delicious wine . and very much in the style we are aiming at. We think it will age for at least 10 years to produce a wonderful toasty bottle aged style.*

---

*Well now at 7 years of age the wine is beginning to develop those wonderful toasty bottle age characters. It is still fresh and bright with the delicious nectarine characters still strongly evident. Around the crisp, fresh structure the toastiness is lifting the aroma adding complexity and filling out the palate, giving the wine an additional degree of richness.*

*This is now a mature wine, the pretty caterpillar has morphed into a beautiful butterfly. It still has plenty of life left, and is an excellent example of the potential of the Swan Valley being fulfilled.*

Faber Vineyard's 2006 Swan Verdelho has been awarded Best Wine at this year's Swan Valley Wine Show.

Awarded a Gold medal or 2006 Swan Verdelho also won  
The Chairman's Trophy for Best Wine  
&  
Trophy for the Best Swan Valley Table Wine  
&  
Trophy for the Best Dry White Table Wine

*“Possessed of an excellent palate, and with an impeccable winemaking background, the quality of John's wines is guaranteed”.*

*James Halliday  
Australian Wine Companion, 2011*
